"I heard that Charles got into trouble in Chicago once and was arrested. Probably the less said about it the better. I know that Charley went to Chicago in 1884 or 1885 and was gone about a year and a half. I did not hear from him during that time. Later Charley went to Deadwood and then to Denver. I have often heard Charley speak of Sam Williams, but I never saw Williams myself."

"Then I shall walt for the call to the other side. I have lived my life, and I have done what seemed to me to be the right thing to do. But I realize that there is not much left now for me to do. I would like to settle down and see the world so around."

A World reporter found Mr. Platt in the front room of a flat at the Elmandorf, to which he has moved recently from the Hotel Getham.

Senator Platt talked freely of the present history which he had helped to make. Asked how he felt toward President Roosevelt, the senator said:

"Just as I always did I was in a position to make him governor in 1898. Black hall allenated a brige and important section of the Republican voters, and it was necessary to pick out a min who could win. Mr. Roosevelt, coming back from the war in Cuba, was the man. I selected him, and he was nominated. It was purely politics. I hever was a 'Roosevelt man,' as the saying goes,'

CLEVER CAPTURE OF A BOLD ROBBER.

Chicago, May 10.—One of two robbers who held up the offices of the Great Western Smelting & Refining company yesterday was disarmed and captured as a result of a woman's quick wit. The other escaped with \$23 which he had taken from the pockets of the two men in the office.

Miss Clara Marcus, a stenographer, was responsible for the arrest of the robber after a desperate struggle in which Charles Bloom, a member of the firm, and Samuel Shaphire participated. The prisoner gave his name as Rich-

The elder of the two robbers who had secured the money slipped out of the door and Forsburg remained behind to cover his companion's retreat.

PEET LECTURES AT FOREST DALE

Exhibits Lantern Slides Used in The East by the Defamers Of Utah.

THE METHODS OF ILIFF, ET AL.

False and Appalling Stories Told by "Religious and Irreligious" to Eastern Audiences.

A large audience of Forest Dale peoole, augmented by a number of persous from the city, listened to an able lecture by Mr. V. S. Peet last evening. It had been given out that the man, who in eastern cities had folowed up and put to rout Hiff. Nutting and other slanderers and defames of Utah and her people, would tell of the methods employed by the plate passers and money gatherers who travel throughout the land bearing false witness for the sake of a few pattry dollars, and the announcement was sufficient to fill the place of meeting. The audience was a very appreciative one, and Mr. Pest was at his his best,

one, and Mr. Peet was at his his best, both in voice and in the manner of handling his subject.

The meeting was presided over by Royal B. Young, who acted as chairman. At the opening, the audience joined in singing "America," and other musical selections during the evening were, "My Old Kentucky Home," by a quartet and the choir, and "The Holy City," illustrated, and sung as a sole by Miss Margaret Summerhays. The young lady sang in a manner that elicited much approval from her lisicited much approval from her lis-

In the commencement of his lecture, In the commencement of his lecture, Mr. Peet stated that there would be notleing original in what he would say, neither in the illustrations he would use. He would quote for the most part from the Presbyterian Home Mission Monthly and the Presbyterian Assembly Herald, two leading missionary publications. The October numbers of these publications, he said, were devoted almost entirely to slander of the Mormons and Utah.

FURNISH AMMUNITION.

The speaker referred to the ilustrated lecture "Mormonism, A Despotism Within the Republic," in book form, which, with 69 lantern slides, the Prespeterian board of home missions will loan for \$1.50 per night, to any one who wishes to defame Utah, the proceeds from the lecture to go to the board of home missions.

Next Mr. Peet read a number of quotations from the Home Mission Monthly, One correspondent wrote to that journal: "Within a radius of seven miles, I discovered 27 polygamists; not men who had been polygamists; not men who had been polygamists years ago, before the Manifesto, but men who are living in polygamy at this very time. I could furnish the names if necessary."

Mr. Peet stated that he had offered The speaker referred to the flustrat-

Peet stated that he had offered Mr. Peer stated that he had offered \$1,000 for proof of each plural marriage sanctioned by the Church since the manifesto, and if the Presbyterlans really have the names, they are protecting criminals. It is their duty to publish the names and produce the evidence, so that the guilty ones could be brought to justice.

CANNOT READ NOR WRITE.

Another correspondent to the jour-Another correspondent to the Jour-nal referred to, says that he lives in a town in Utah where a majority of the people cannot read nor write. A mis-sion teacher wrote that where she is teaching, "most of the people will soon be able to read." In the October number for 1995, it is stated on the first page, in large italics, that "polyg-my is rapidly increasing." and on the amy is rapidly increasing," and on the same page Frank J. Cannon is given a half column send off. On another page of the same issue it is told to the easterners that "Mormons took just like other people!" (astounding), and again tells of one "Mormon who stole another's clothes." The number for October, 1906, says "There are public schools in Utah, but the Mormons deminate all appointments in these schools, and have made them subversive, both openly and indirectly, to the propagation of their belief. The same may be said of the state institution." Again, it is said "In one town in Utah there are 50 women, who, if they could leave in a body, would make their escape, but they dare not go out singly." amy is rapidly increasing," and on the out singly

CRAIG'S TIRADE.

CRAIG'S TIRADE.

One of the most glaringly slanderous articl's that Mr. Peet read was
that of Robert M. Craig, superintendent of the Presbytertan mission
schools of Utah. Craig stated that
"the Mormons are false accusers,
trucebreakers, traitors. They creep
into houses and lead captive silly women laden with sins, led away with
divers lusts," etc. "The public school
can never meet the educational needs
of the state. The Mormons have taken the diadem from the brow of King
Jesus and placed it on the brow of
Joseph F. Smith." Craig wants larger
accommodations at Logan and Mt.
Fleusani, so that "the Presbyterians
can fit Mormon children to be American citizens," etc.

ASSEMBLY HERALD.

ASSEMBLY HERALD.

The quotations that Mr. Peet read from the Presbyterian Assembly Herald were even worse than those from the Home Mission Monthly. The Herald stated that "the Mormons are reptilistic in appearance:" "the Gentiles in Salt Lake are denied the right of franchise;" "in Utah the free-born American citizen is unwelcome and hated." It is also said that the Mormons tried to hold the Fourth of July on the 3rd, to insult Uncle Sam; that

PLAN TO RUN CARS THROUGH BURNED DIST. ABANDONED.

San Francisco, May 9.—The plan decided upon last night subject to approval by the chief of police, to run two cars this morning from the barn at Oak and Broderick into the burned district and down Market street toward the ferry, was abandoned by the officers of the United railroads this morning.

The reason was not officially stated, but it is understood that the consent of the police department could not be obtained.

police department could not be obtained.

Another route was mapped out when President Calhoun, Asst. to the Prest. Mulaily and Supt. Chapman arrived at the general offices at Oak and Broderick streets at 10 o'clock this morning. They contemplated the operation of two cars from the latter point into the burned district as far as Folk or Larkin streets, and the hour for starting was changed from 9:30 to 12.30.

Supt. Chapman hurried in an automobile to the office of Chief Dinan and submitted the route. It was approved after one or two slight changes were made at the request of the chief. It is understood that a large police escort will be employed to protect the cars from the mob violence that is feared when the district of Fillmore street where piles of stones, bricks and debris abound, is entered.

Up to 1 o'clock the day has been without disturbance. Crowds are congregated as usual in the neighborhood of the company's barns and power plant at Turk and Fillmore streets, where 60 mounted and foot police under Capt. Mooney are on patrol. At this point a socialist agitator was arrested this morning for distributing hand bills of an inflamatory character, calling upon all the citizens to "tie up San Francisco so tight that not a wheel will turn or a shop will be opened."
